

Your Coach and Crew

Your Tour Manager and Driver

Your Tour Manager (if applicable to your tour) and Driver are both highly trained industry professionals committed to making your New Zealand holiday a cherished memory. Their informed and entertaining commentary will showcase their passion for this country and an in-depth knowledge of its history, wildlife, culture and legends.

From the moment you join your tour, our Tour Manager and Driver are there to look after you, to make sure you're comfortable, to take care of all arrangements, to answer queries and to provide a friendly face. So the only thing you need to do on your New Zealand holiday, is sit back, relax and enjoy yourself.

Touring Coaches

APT's fleet of luxury motor coaches provides you with the pinnacle of touring luxury. Coaches feature as standard: air-conditioning, toilet/restroom, video screen, comfortable reclining seats with foot rests, state of the art sound system, on-board drinking water, air suspension and large panoramic windows.

Tour Departure Times

Passengers are requested to report 30 minutes prior to departure. It is important to contact our local office if a delay or cancellation occurs.

Luggage Requirements

We ask that you pack your required clothing and personal items necessary for the duration of the tour into ONE suitcase which should weigh no more than 20 kilos (44 lbs) and its size (measure the length + width + depth) must not exceed 160 cm (63 inches). Stringent New Zealand Government regulations controlling maximum vehicle weight, together with limited luggage capacity, restrict our ability to accept excess or overweight items. If you have excess luggage, arrangements should be made to forward such to the final destination point of the tour.

For suggestions on what you'll need to bring for your tour, refer to our useful packing guide on page 9.

No Luggage Worries

Whilst on tour, you do not need to worry about carrying your luggage between the coach and hotels. Porterage is taken care of by your Tour Manager and Driver who will look after the efficient and safe handling of your luggage at all hotels, provided your luggage conforms to size and weight requirements.

Luxury touring coaches

The APT Group of Companies

We wish to offer as many reliable departures as possible to all travellers. Many tour operators worldwide have chosen to combine their tours with ours in a similar way to airlines code-sharing. You may therefore be travelling with others who have selected this tour, offered by another brand, from an independent company or from within the APT Group. Itinerary arrangements may also vary, particularly in meal inclusions or joining and leaving arrangements, therefore it is unlikely that your tour will be directly comparable with other travellers. Newmans, Horizon and Travelmarvel Tours are members of the APT Group.

Friendly, professional crew
